

## **HAYYA ‘ALAS-SALAH DESTROYED APARTHEID IN SOUTH AFRICA HAYYA ‘ALAL-FALAH SHALL DESTROY APARTHIED IN PALESTINE**

Just as settler colonialism and apartheid was brought down in South Africa, settler colonialism and apartheid practiced by the Israelis shall be brought down in Palestine. Just as colonized Africans achieved their freedom, colonized Palestinians shall achieve their freedom.

Palestinians are now more united than ever before against the injustices and crimes against humanity by the state of Israel. Palestinians have captured the narrative in spite of the attempts by Israelis to silence them.

Al-Quds (Jerusalem) shall always be the undivided capital of Palestine.

Once apartheid is brought down, there shall be

- no more oppression by the brutal Israeli police of worshippers in Masjid al-Aqsa, the third most holy masjid of Islam,
- elimination of all existing racist policies of the state of Israel against Palestinians,
- no more forceful eviction of Palestinians and no more illegal settlements by Israelis,
- no more oppression and dispossession of Palestinians by Israelis,
- no more checkpoints but rather free movement of Palestinians in their own land,
- freedom of return for Palestinians to Palestine, and
- dignity and justice for Palestinians in Palestine.

Muslim rulers who have signed a peace treaty with the state of Israel! Shame on you! What will you answer to Allah on the Day of Judgement? Your people do not recognize the so-called peace treaty which you have signed all alone.

Muslims and people of conscience world-wide are standing solidly in solidarity with Palestinians. All indications are that Palestinians shall surely succeed.

All of us should recite the whole Qur’an for the Palestinians who have been martyred in Israeli bombardment. We pray for the healing of the wounds of injured Palestinians. Amin!

May Allah protect all the Muslims and oppressed people all over the world. Amin!
